

## THANKSGIVING

- God is working through the Transformation Education Sierra Leone team, Abigail, James, and Abraham, who have done a great job mentoring and monitoring each student teacher, making disciples, transforming lives, schools, and communities for His glory. They call every student weekly and provide consistent written progress reports. The Spelling tests and Bible quiz initiatives are taking root and becoming effective tools for engagement and assessment in the classrooms.
- All of the 2024 students passed and four of them got the highest grade point in their classes. Grade point averages above 4 in a 5 point scale.
- Two new staff members Abdul (Part-Time Accountant) and Abal Titus (Teacher Trainer) have been valuable additions.
- Rainbow Resource Center donated 30 curriculum sets (*Explode the Code*), including teacher manuals and review books, with a value approximately six thousand and five hundred dollars. These vital resources will significantly strengthen our literacy instruction and help both teachers and students grow in their ability to teach and learn reading effectively.
- For those collaborating for our scheduled, November 8<sup>th</sup>, 2025, Kingdom Builders Partnership Dinner. Contact us if you or someone you know would like to come to learn more and help us reach our monthly financial goals.
- Opportunities in the US to encourage missionary work by sowing seeds at camps, vacation Bible Schools, church presentations and contacts throughout the days.

## Alfred Kanu's Transformation is Creating a Ripple Effect in His Community

Before joining the Transformation Education Student Teacher Degree Scholarship Program, Alfred tutored children in his neighborhood. After

receiving a scholarship and completing Bible and discipleship training, he began to see his calling expand. With his pastor's blessing, Alfred launched Bible studies in three communities—reaching both adults and children—and planted a church that now has 50 members. He has also trained others to help lead these growing groups.

In addition to community outreach, Alfred teaches weekly Bible assemblies at three schools, students now memorize Bible verses and hear Bible stories each week. Within his own 4th-grade classroom, Alfred disciples his students through Bible Sharing and Testimony Journals. As they write and share their personal reflections, they are inspired to share God's Word with others—continuing the cycle of transformation.

Alfred came top in his class of with a grade point average of 4.86.

### Looking Ahead: July–August Training

- Looking ahead, we are welcoming **15 new student teachers**, all of whom will receive **full scholarships funded through general donations**. Unlike last year, these students will not be individually assigned to sponsors.
- They will serve in the same **10 partner schools** where our original cohort is currently teaching. The **first group will mentor the new student teachers**, building leadership capacity and ensuring a stronger implementation of what they've learned.
- Following the completion of summer classes (our **first term of the college program**), we are preparing for a **5-day Bible Intensive**. This year's training, for the first time, includes **three days led by Child Evangelism Fellowship (CEF)**. We believe this addition will deeply enrich our spiritual training focus.

"Where there is no vision, the people perish." Proverbs 29:18

**Thank You**—Your partnership is making a lasting difference—not only in the lives of our student teachers, but in the hearts of the children and communities they serve. Please continue to pray for wisdom, health, protection, and fruitfulness as we walk forward in faith.
